

We have been at St. Peter's since the Fall of 2000 when our oldest son enrolled in Miss Yaw's Teddy Bears preschool class. This year we will say goodbye to St. Peter's as our youngest son is graduating from 8th grade next month. It will be hard to leave as St. Peter's has been a part of our lives for so many years. It seems like our cars are on autopilot to drive us to St. Peter's every day.

We want to thank Mrs. Cunningham, the staff and St. Peter's Church for providing a quality educational program. We appreciate the opportunities our sons had to participate in sports, spelling bees, band, science fairs, field trips and overnight camps. We also thank the staff for their role modeling in their faith and their commitment to teaching at St. Peter's. Thank you also to St. Peter's Lutheran Church for their support of the school and for maintaining a beautiful campus and facility. We have always noticed how the campus is so well cared for—with the pretty flower bed at the entrance and the well- manicured lawns, trees and play areas (and parking lot) as well as the clean, comfortable classrooms, gym and sanctuary.

Thank you, teachers, for your warm, welcoming smiles in the morning, for the assurances during those early years, for allowing students to explore their creative sides, for your discipline and consistency, for your energy and enthusiasm, for your understanding and listening ears. We will miss St. Peter's but are grateful for the education our sons have received.

With much appreciation,

Nancy Arata-Fong and David Fong
